9. Cyprus' high season is just around the corner. What is the Hotel Industry forecast for summer season?

The forecast for the summer season was exceptional this year, we are expecting one of the best years ever. However, we noticed eventually a slowdown of the bookings as of this week. We are sure that when the "dust settles down" and the banks re-open, the bookings will regain momentum. As we are very busy for the Catholic Easter, guests will leave and share their positive experience with the travel agencies.
